

Bartholomew Estate
VINEYARDS AND WINERY

We are now accepting reservations for outdoor wine tasting and bottle service on our Oak Knoll at Bartholomew Estate!

While tastings may be a little different these days, we are devoted to providing a delightful and relaxing experience, while paying scrupulous attention to safety. Mandated guidelines require us to inform you of the following protocols. While all of this may seem complicated, we want to assure you that we have prepared so that when you visit, the beautiful vistas, delicious wine and company you keep will be the focus. Here are updated protocols we have implemented:

- We require reservations for all visitors to the winery (flights & by the glass or bottle). Walk-in visitors are not permitted at this time.
- The State of California requires that we collect contact information for each guest prior to being seated (name, phone and email) for contact tracing, if needed.
- Guests are required to wear face coverings when inside the building and when unable to maintain social distance. Staff will wear face coverings in compliance with service guidelines.
- Please respect a minimum physical distance of 6 feet between other parties as well as staff.
- Menus and order forms are single use and are available digitally as well.
- We have spaced our tables on the Oak Knoll with proper Social Distance requirements in mind. Each space is dedicated to one party at a time, with a dedicated host, and will be cleaned between appointments with extensive sanitization procedures utilizing EPA approved disinfectant.
- All safety protocols applicable to our business as outlined by the State of California and Sonoma County will be implemented to frequently sanitize the communal areas. Restrooms will be cleaned and sanitized every 30 minutes.
- We recommend frequent hand washing for guests and staff alike. Hand sanitizer also will be readily available for guest use.
- All wine flights are pre-poured shortly before your appointment time. Bottles and service items will be sanitized regularly.
- Winery management will conduct daily wellness screenings of our employees. Employees are instructed to stay home if they are not feeling well.
- Guests displaying any symptoms of illness are asked to remain home. We are happy to reschedule your visit.
